

Fondazione Oronzio e Niccolò De Nora
2003 Prizes

④ **International Society of Electrochemistry (ISE):**

- *Sergio Ferro (University of Ferrara, Italy) and Ilaria Duo (Swiss Federal Institute of Technology, Lausanne, Switzerland):* Prize on Electrochemical Technology and Engineering for major contributions in the field of electrochemistry of boron doped diamond electrodes with special regard to the mechanism of charge transfer

④ **4th International Conference on Application of Conducting Polymers (ICCP-4, Como, Italy)**

- Sponsorship

④ **Società Chimica Italiana:**

- *Priscilla Reale (University Sapienza of Rome, Italy):* Prize for the research "Lithium titanate and iron phosphate as insertion electrodes for lithium ion batteries: structure and characteristics"

④ **ERA 2003 Conference - Electrochemistry for the rehabilitation of the environment:**

- Sponsorship

④ **Moscow Mendeleev University (Russia):**

- 2 Grants for students
