

Fondazione Oronzio e Niccolò De Nora
2006 Prizes

⌘ **Electrochemical Society (USA): for the third year**

- *Nicolas Mano (University of Texas in Austin) for the third year*: Oronzio De Nora Industrial Postdoctoral Fellowship for the research program "Miniature membraneless implantable biofuelcell"

⌘ **International Society of Electrochemistry (ISE):**

- *Vijayasekaran Boovaragavan (Center for Energy Systems Research, Tennessee Technological University, Cookeville, USA)*: Young Author Prize for the paper "Evaluation and improvement of electrochemical reactors"
- *Kyung-Won Park*: Prize on Electrochemical Energy Conversion for high quality work on the development of new electrocatalysts and polymer membranes suitable for direct methanol fuel cells

⌘ **University of Milan (Italy):**

- *Chiara Pezzoni*: Scholarship for the research program "Multiphase nanostructured electrocatalysts for reversible oxygen evolution and reduction"

⌘ **University Sapienza of Rome (Italy):**

- *Alessandra Fericola*: Scholarship for the research program "Electronic and electrolytic materials suitable for energy storage"

⌘ **Società Chimica Italiana:**

- Prize to **Monica Orsini (University Sapienza of Rome - Italy)** for the research program "Electrochemical synthesis of chiral derivatives and dicarboxylic acids"

⌘ **Moscow Mendeleev University (Russia):**

- 2 Grants for students

⌘ **5th International Conference on Electrocatalysis (Montenegro):**

- Sponsorship

⌘ **PABFC-2007 Conference:**

- Sponsorship
