

2018 Prizes

- **2018 Fondazione Oronzio e Niccolò De Nora Fellowships in Applied Electrochemistry**
 - **Victor Costa Bassetto** (supervisor Prof. Hubert Girault – EPFL Ecole Polytechnique Federale de Lausanne) “Combined inkjet printing and flash light-induced synthesis of nanostructured electrocatalysts for energy conversion systems””
- **Società Chimica Italiana:**
 - Prize to **Serena Carrara** (Université de Strasbourg -I.S.I.S.) for the thesis "Towards new efficient nanostructured hybrid materials for ECL applications"
 - Prize to **Simone Galliano** (University of Turin) for the thesis "Towards sustainable and up-scalable DSSCs: NIR organic dyes and aqueous electrolytes"
- **International Society of Electrochemistry (ISE):**
 - **Young Author Prize: Dr. Cigdem Toparli**, Massachusetts Institute of Technology, USA for the article In situ and operando observation of surface oxides during oxygen evolution reaction on copper, published in *Electrochimica Acta* 236 (2017) 104-115.
- Sponsorship to **Società Chimica Italiana** for the “Chemistry Games” open to secondary school students in Lombardy
- Sponsorship to the **69th Annual Meeting of the International Society of Electrochemistry** - 2-7 September, Bologna, Italy
- Sponsorship to the **Merck Young Chemists Symposium MEYCS 2018** - 19-21 November, Rimini, Italy
- Sponsorship to the Giornate di Studio “Pietro Pedferri” entitled: “From research to industry: the new frontiers of corrosion science and engineering” organized by Politecnico di Milano on November 30.
